Themed Activities – The leaders have planned various activities based on that week's themed camp. Your kids will be whisked away on an adventure every day.

Summer Hours

We've never understood why most programs adjust their summer hours. Your work hours don't change, and neither does your need for child care. Our program hours are 7am-6pm year round.

Themed Weeks

We've got 18 exciting camps planned for your kids to participate in! We set up each week so they can choose either camp, or participate in both! Here is what they have to look forward to:

Electronics

Your children are welcome to bring their electronics during the summer. There is designated time at the very beginning and again at the very end of each day for them to play on them with friends. During the day we have so many activities planned that the expectation is for all electronics to be put away, out of sight. During field trips, all electronics will be locked away in a secure room at the center.

What to Bring

The summer can be hot! We will be outside almost every day this summer, so please help your child prepare for the weather. This includes:

- Backpack
- Lunch
- Sunscreen
- Hat
- Water Bottle
- Bug Spray
- Swim Suit
- Towel
- Extra Shirt (just in case)

Lunches

Klub provides healthy breakfast and afternoon snack choices every day. We do not provide lunch. Please send your child with enough lunch to get them through the hot, busy days we have planned.

Klub Policies

This Summer Handbook is by no means a complete collection of Klub's policies. Please visit www.klubcare.com/handbook to download a copy of our Parent Handbook for a thorough collection of Klub's policies and procedures.
